Drainage Department

FARIBAULT COUNTY DITCH #29 HEARING NOTIFICATION

October 19th, 2022

System: Faribault County Ditch #29 Location: Prescott Township Sections 17-19; Verona Township Sections 23-24

RE: Redetermination of Benefits Final Hearing

Dear Landowner:

There will be a redetermination of benefits hearing on Faribault County Ditch #29 (CD29) held on **Tuesday**, **November 15th**, **2022**, at **1:30 pm at the Board Room at the Faribault County Courthouse** (415 North Main Street Blue Earth, MN 56013). A redetermination of benefits was ordered on November 2nd, 2021, due to the benefits not reflecting reasonable present-day land values and change in the benefited area. This meeting will cover the benefit values. The Viewers' Report can be viewed at the Faribault County Auditor's Office or online at <u>https://www.co.faribault.mn.us/drainage/pages/notices-reports</u>. See enclosed public notice for more information on the proceeding.

Landowners can join this meeting 1 of the following 3 ways.

- 1. In person at the Faribault County Courthouse Board Room (415 North Main Street Blue Earth, MN) *Map on Back
- 2. By phone/call-in
- 3. By Zoom (internet meeting)

If you would like to join the meeting via Zoom you will need a computer, internet, microphone, and speakers. If you do not have a microphone built into your computer, you can call in as well to be able to hear and talk. If you would like to join via Zoom and/or phone/call-in, please contact the Drainage Department by phone 507-526-2388 or email merissa.lore@co.faribault.mn.us by November 14th, 2022, for information needed.

At the public hearing, the Viewers will present information about the redetermination of benefits and the Drainage Authority will accept public comment regarding the Viewers Report. If you have questions or concerns, please contact the Faribault County Drainage Department at the office 507-526-2388 or by email <u>merissa.lore@co.faribault.mn.us</u>.

Sincerely,

A Mul

Merissa Lore Drainage Manager

STATE OF MINNESOTA Before the FARIBAULT COUNTY BOARD OF COMMISSIONERS SITTING AS THE DRAINAGE AUTHORITY FOR COUNTY DITCH #29

In the Matter of:	
Redetermination of Benefits of County Ditch #29	FINAL HEARING NOTICE

PLEASE TAKE NOTICE, the Faribault County Board of Commissioners, sitting as the drainage authority for County Ditch #29 will hold a final hearing on the redetermination of benefits of County Ditch #29. The Viewers' Report was filed with the drainage authority on October 17th, 2022 and is available for inspection at the Faribault County Auditor's Office, 415 North Main Street, Blue Earth, MN. The hearing shall be held **at 1:30 p.m. on November 15th, 2022, at the Faribault County Board Room on the middle level of the courthouse building located at 415 North Main Street, Blue Earth, MN.** The hearing can be attended virtually via phone or computer. Contact the Faribault County Drainage Department at 507-526-2388 for more information on virtual attendance. At the final hearing, the drainage authority will accept public comment regarding the Viewers' Report. Any party having an interest in the proceedings may appear and provide comment. Written comments will be accepted at the hearing and by mail through the date of the hearing at the Faribault County Auditor's Office, PO Box 130, Blue Earth, MN 56013.

County Ditch #29 consists of several branches of tile. The following properties are affected by the Viewers' Report of benefits:

Prescott Township, T 102N-R 26W, Sections: 17, 18, 19;

Verona Township, T 102N-R 26W, Sections: 23, 24;

All in Faribault County.

The following owners of property are affected by in the Viewers' Report of benefits:

Dickman, Michael J; Dickman, Richard J & Shannon; Durkee, Maxine Revoc Trust & Maurice Durkee Disclaim Trust; EJMMS LLP; Fenske, Frances E; Jenkins, Dean R; Keller, Rosemary; Kohlmeyer, Norman R & Lillian; Kral, Jacob & Brooke Sonnicksen;

Larowe Holdings LLC C/O Scott D Larowe; Lindenwood Farm Irrevoc Trust Richard Dickman Etal Trustees; Manthei, Lee O & Lisa B; Mensing, Mike; Mensing, Neal; Riverside Town & Country Club; Willette, Pierre.

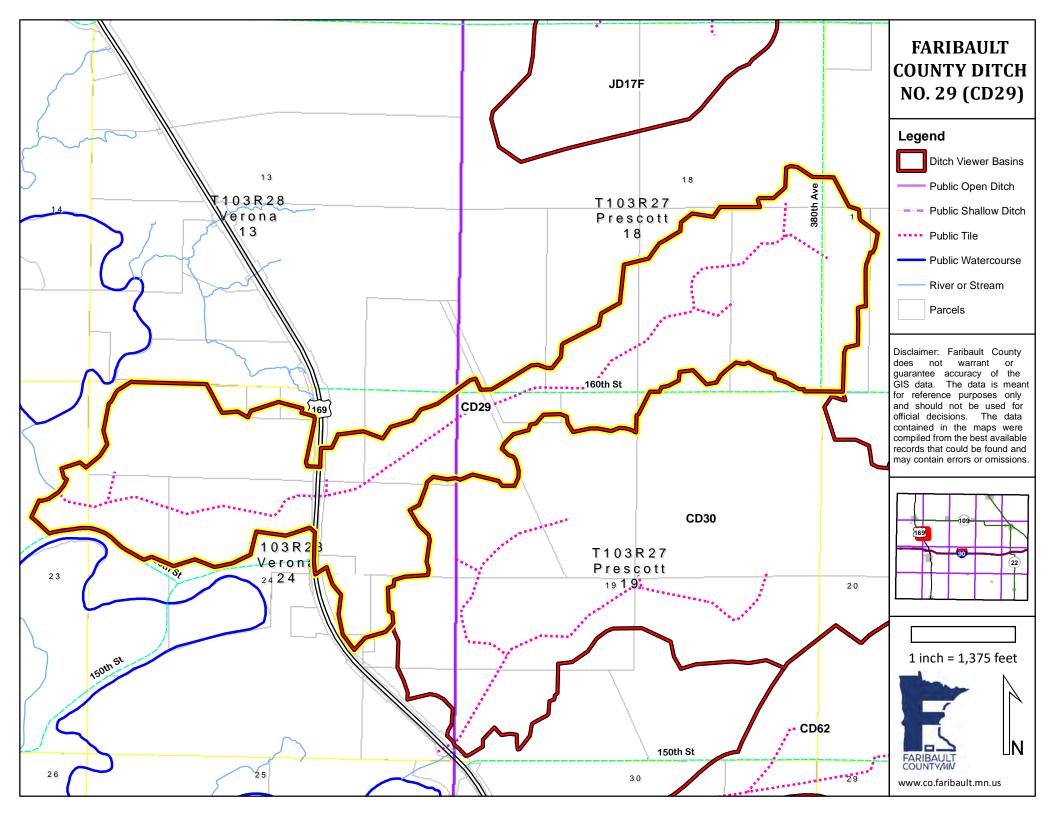

The following governmental entities are affected by the redetermination of benefits of County Ditch #29:

Prescott Township, Faribault County; State of Minnesota, Department of Transportation; United States of America, U.S. Fish & Wildlife Service.

Copies of the Viewers' Report and Property Owners' Report are enclosed. Full Reports can be obtained by calling the Faribault County Auditor's Office at 507-526-6211 or may be found online at <u>https://www.co.faribault.mn.us/drainage</u>.

Dated: October 25th, 2022

County Auditor-Treasurer-Coordinator

Faribault County CD-29 Redetermination of Benefits Viewers Report October 17, 2022 (Final)

Valuation prior to drainage

Beginning land use, property value, and economic productivity have been determined with the consideration that the benefited properties within the watershed originally did not have an adequate outlet for artificial drainage.

- "A" Standing water or cattails, wetland classification with economic productivity for agriculture purposes of \$0 per acre, and a market value of \$1,000 to \$2,000
- "B" Seasonally flooded/pasture ground. Pasture classification with economic productivity of \$120 per acre based on grazing days and/or hay values, and a market value of \$2,500 to \$3,500.
- "C" Wet subsoil Generally farmable land with moderate crop potential, with annual economic productivity of \$559 per acre based upon average annual yield of 70% of optimum with \$329 production costs, and a market value of \$4,000 to \$5,000.
- "D" Upland areas not needing much artificial drainage and intermixed with wetter soils, with annual economic productivity of \$679 per acre based upon an average annual yield of 85% of optimum with \$329 production costs, and a market value of \$5,000 to \$6,000.

Valuation with NRCS recommended drainage

Potential land use, property value, and an increase in economic productivity, after public and private drainage have been installed as NRCS design standards as recommended in the Minnesota Drainage Guide, using current crop rotation, income, and expense.

- "A" Drained slough area, medium classification land with economic productivity of \$639 per acre based upon average production of 80% of optimum with \$329 per acre production costs, and a market value of \$5,000 to \$6,500.
- "B" Well drained ground, high land classification with economic productivity of \$671 per acre based upon average annual production of 84% of optimum with \$329 production costs, and a market value of \$5,500 to \$7,500.
- "C" Well drained ground, highest land classification with economic productivity of \$719 per acre based upon average annual production of 90% of optimum with \$329 production costs, and a market value of \$6,500 to \$9,000.
- "D" Well drained ground, high land classification with improved farm ability, with economic productivity of \$759 per acre based upon average production of 95% of optimum with \$329 production costs, and a market value of \$5,500 to \$7,500.

Utilizing these productive values, potential benefit values were determined for the system based upon a 25 year effective life with proper maintenance. Private tile improvement cost were depreciated over the same 25 year period, and an allowance of 0.5% return on the system investment. A three year average Township yield was used for the benefit value calculations along with a three year average sale price for the corn and beans.

Increased productivity

Crop	Yield	Value	Income	%	Adjusted
Corn	207.0	\$4.47	\$925	50%	\$463
Beans	62.3	\$10.80	\$673	50%	\$337
					\$799

Production costs

Com	\$430 X 50% = \$215
Beans	\$228 X 50% = \$114
	\$329

Potential Benefit value

	<u>"A"</u> 80% of \$799	<u>"B"</u> 84% of \$799	"C" 90% of \$799	95% of \$799
	\$639	\$671	\$719	\$759
Minus cost				
of production	\$329	\$329	\$329	\$329
Net income	\$310	\$342	\$390	\$430
Previous income	\$0	\$120	\$230	\$350
Increased income	\$310	\$222	\$160	\$80
Private tile costs	\$56	\$31	\$27	<u>\$18</u>
Annual increase	\$254	\$191	\$133	\$62
Capitalized for				
25 years @ 1/2 %	\$5,966	\$4,488	\$3,115	\$1,452
% of potential				
Benefit	35%	35%	35%	35%
Reduced benefit				
Value	\$2,088	\$1,571	\$1,090	\$508

The potential benefit values have been reduced to reflect a less than optimum yield.

Summary

Faribault County CD-29 consists of 535.16 acres of farmland, roads and building sites with benefits of \$588,907. CD-29 is in Verona and Prescott Townships in Faribault County.

- a. 519.63 acres of farmland and building sites with \$566,317 of benefits
- b. 15.53 acres of State and Township roads with \$22,590 of benefits
- c. 535.16 total acres with \$588,907 of benefits

Benefit values were adjusted based on multiple factors including location to the County tile, drainage coefficient, and soil type.

Average land benefits, (reduced) over a 25 year period are \$1,314 per acre

а,	A soil	\$2,088
b.	B soil	\$1,571
C.	C soil	\$1,090
d.	D soil	\$508

Building site benefits

a. (Average of B + C + D soils) X 1.5 = \$1,585

Ponds, woodland, and non-benefited acres

a. \$0

Road benefits

- a. Gravel roads, County or Township
- (Average land benefit) X 1.0 = \$1,314
 b. Paved roads, (wide) State or County
 - Paved roads, (wide) State or County (Average land benefit) X 1.25 = \$1,643
- c. Paved roads, State or County
 - (Average land benefit) X 1.5 = \$1,972

Tile benefits

a. A tile benefit was given for most County tile at a rate of \$0.50 per linear foot. This value was given because of the ease of access for private tile, and for the drainage the County tile may provide. 14,230 feet of County tile in Faribault County CD-29 with \$7,115 of tile benefits

Crop damages

Crop damages will be paid per acre on standing crops damaged by construction or repair on the County tile, as determined by the Faribault County Drainage Department.

Benefits and damages statement

This report covers the redetermination for a previously constructed drainage system. The basis for determining benefits and damages is therefore, based upon a comparison of the conditions that would have existed prior to the County tile systems construction, with those that do exist with the drainage system in a reasonable state of repair. Supporting documentation for the analysis and conclusions of the report are contained in our files and are available for inspection. The figures stated herein are based on a full and fair comparison of all pertinent facts and information that we were aware of at the time of this redetermination process.

- Faribault County online GIS parcel information site
- USDA web soil survey
- Google Earth aerial satellite photos
- Yield averages taken from USDA national agriculture statistics service
- Production costs taken from University of Minnesota FinBin
- Average commodity sale prices taken from University Finbin
- Sales data from Faribault County Assessor offices and websites
- Visual inspection of each 40 acre parcel or less.
- Consultation with Faribault County Auditor / Treasurer Office and the Faribault County Drainage Department

The Viewers determined that the lands affected by the drainage system are generally similar and that the following comments refer to all such tracts.

1. Existing land use, property value and economic productivity:

Land is presently used for building sites, roads, and for agricultural purposes. The property value is consistent with most agricultural land sales within Faribault County. Agricultural lands are primarily used for the production of corn and soybeans. The land has good economic productivity when properly drained.

Potential land use, property value and economic productivity from the drainage system:

The drainage system has been in existence for many years and provides drainage for agricultural purposes. The property value is consistent with most agricultural land sales within Faribault County. Land affected by the drainage system has the potential to produce above average yields.

3. The benefits or damages from the drainage system:

Benefits derived by lands affected by the drainage system are due to (A) Improved capacity to remove surface waters due to previous construction and maintenance of the County tile system, which results in an increase in the current market value of property; or (B) an increase in the potential for agricultural production as a result of the previous construction and continued maintenance of the drainage system; or (C) increased value of the property as a result of potential different land use.

- 4. There is no damage to any riparian rights.
- There are no acres added to any tract or lot and there are no public waters, wetlands, and other areas not currently being cultivated, that are proposed to be drained in this proceeding.
- 6. There are no acres which before the drainage benefits could be realized would require a public waters work permit to work in public waters under 103G.245 to excavate or fill a navigable water body under United States Code, Title 33, Section 403, or a permit to discharge into waters of United States under United States Code, Title 33, Section 1344.
- There are no acres being assessed for drainage of areas that would be considered conversion of a wetland under United States Code, Title 16, Section 3821, if the area was placed in agricultural production.

This report is respectfully submitted to the Drainage Authority of Faribault County CD-29 by:

State of Minnesota County of Faribault In the matter of the Redetermination Of Benefits of Faribault County CD-29 Faribault County, Minnesota October 17, 2022 (Final)

Property Owners Report

Pursuant to Minnesota Statute 103E.323, the following is the Property Owners Report from information in the Faribault County CD-29 Excel spreadsheet and Faribault County CD-29 Viewers Report, in the matter of the redetermination of benefits and damages, and damaged and benefitted acres of Faribault County CD-29, Faribault County, Minnesota.

- This redetermination of benefits sets the percentage that you will be required to pay for all future repairs and maintenance on Faribault County CD-29
- The name and address of the property owner is shown on the Excel spreadsheet for Faribault County CD-29
- The description of each lot or tract and its area that is benefitted or damaged is shown on the Excel spreadsheet for Faribault County CD-29
- There are no acres added to any tract or lot and there are no public waters, wetlands, and other areas not currently being cultivated that are proposed to be drained in this proceeding
- 5. There are no acres which before the drainage benefits could be realized would require a public waters work permit to work in public waters under 103G.245 to excavate or fill a navigable water body under United States Code, Title 33, Section 403, or a permit to discharge into waters of United States under United States Code, Title 33, Section 1344.
- There are no acres being assessed for drainage of areas that would be considered conversion of a wetland under United States Code, Title 16, Section 3821, if the area was placed in agricultural production
- 7. There are no damages to riparian rights
- 8. Right-of-way acreage is not required for Faribault County CD-29
- The amount that each tract or lot will be benefitted or damaged is shown on the Excel spreadsheet for Faribault County CD-29
- The damages or benefits to the property are shown on the Excel spreadsheet for Faribault County CD-29
- 11. No construction is planned as part of this proceeding.

- A copy of the benefits and damages statement under 103E.321, Subdivision 2, relating to the property owner is on the Excel spreadsheet for Faribault County CD-29
- The percentage of the cost to be assessed to the property owner in future repair and maintenance proceedings is shown on the Excel spreadsheet for Faribault County CD-29
- 14. The redetermination of benefits and damages and damaged and benefitted areas shall be used in place of the original benefits and damages and benefitted and damaged areas in all subsequent proceedings relating to the Faribault County CD-29 drainage system.
- The full Viewer's Report is available for public inspection at the office of the Faribault Auditor / Treasurer at the Faribault County Courthouse, 415 North Main, Blue Earth, Minnesota 56013 (507-526-6211)
- 16. The Viewers will be available to answer questions from interested parties on November 15, 2022 from 1:15 PM to 2:00 PM at the Faribault County Courthouse Board Room, 415 North Main, Blue Earth, Minnesota 56013

Benefits and damages statement
