FARIBAULT COUNTY DITCH #9 INFORMATIONAL MEETING NOTIFICATION

DATE: February 7, 2020

TO: Faribault County Ditch #9 Landowners

FROM: Faribault County Drainage Department

RE: Informational Meeting on Proposed Repair of CD#9

There will be an informational meeting held on **Monday, February 24, 2020 at 9:00 am at Johnny M's Tavern in Delavan** (100 S. Main St. Delavan, MN 56023) on the proposed repair of the CD9 open ditch in Delavan and Lura Townships (see reverse side for map)

A survey of the open ditch was completed in 2019 and it was determined that sediment in the open ditch channel is impacting the drainage of the system. Drainage Department staff have put together a plan to address the sediment in the open ditch channel and some other needed repairs on the system. Proposed additional repairs include the repair/replacement of a field crossing, slough repair, and side inlet repair.

Informational meetings are an opportunity for landowners to understand and ask questions about the proposed repair as well as bring up any other issues with the system that they have observed.

Please pass this information on to your renter if applicable. If you have any questions or comments, please contact the Drainage Department.
